SIGNATURE DISH *Surf & Turf*

Double Decker brings to your table a delicious combination of seafood and read meat, the popular **Surf & Turf**.

Served as a main course, this dish may be prepared using lobster, prawns, or shrimps, which can be steamed, grilled or breaded and fried; together with a beef steak, though other meat can be used according to your own preference. One standard combination is **lobster tail and filet mignon**. Surf & Turf is commonly available in steakhouses in the United States, Canada and Australia, as well as in some British/Irish-style pubs.
